Geobook intel celeron laptop

A world of Intel® Celeron® GeoBook1M dual-core processor possibilities is a compact, ultra-portable Windows 10 notebook designed to allow you to work and play anywhere, anytime. Whether it's a video conferencing café, troubled task or moving email, the GeoBook1M is the lightweight laptop solution you need. A solid, silver aluminum chassis makes GeoBook1M look and feel a premium system every bit, while the Ultra-Fast Ac WiFi, 6-hour battery life and Full HD graphics ensure similar performance. An 11.6-inch IPS display makes GeoBook1M a pleasure to use, offering bright and beautiful 1080p Full HD images even at wide angles, so you can focus on reaching your next goal, rather than reaching your screen to re-adjust your position. An intuitively designed keyboard integrated into its sleek and durable aluminum case provides GeoBook1M users with a smooth and comfortable typing experience essential for working efficiently. The lightweight GeoBook1M has been designed with portability in place, giving you the ability to slide it into your laptop bag or backpack with ease. Designed to change your expectations. Windows leads the innovation package with devices that work in new and better ways. Windows 10 PCs do more. Just like you. Why Windows 10? Good connectivity is vital on small laptops and with a mini-HDMI and two ultra-fast USB 3.0 ports, GeoBook1M is ready for anything. Expand your storage with external drives, connect another display, or add dongles to your heart's desire. Ultra-fast AC WiFi delivers your content and content faster than ever, while the built-in Bluetooth® offers wireless connectivity for headphones, speakers, smartphones and more. GeoBook1M comes complete with a MicroSD card slot to allow you to expand your storage up to 128GB, giving you plenty of extra storage for all your favorite media. You can easily access files stored on your other devices, such as photos from a digital camera to share online with your global network of friends.
